

Hello Friend!

I'm so honored to have you on my site. In case you haven't realized this yet, I'm Jamie, and I'm a graphic designer and photographer. The purpose of this download is to give you a brief overview of the types of products I hand design, print, and create to go with your photos. I have been a graphic designer for over 10 years and have 100s of designs to choose from. Keep in mind this is only a guide and I would be absolutely honored to create something unique just for YOU!

Let's get started!

Family Designs

Family designs usually mean anniversary invites or gifts and baby announcements or thank you cards. However, I also offer custom home decor featuring your photos as well.

Milestone Designs

Milestone designs celebrate birthdays, graduations, and other special events. While your photos would be displayed on the invitation, I also offer decorations such as stickers, banners, and signs, as well as games, party favor tags, and custom requests.

Seasonal Designs

Seasonal designs are perfect for those holiday cards! But you can also use them for Valentine gifts, Christmas gifts, and simple "I love you" gift.

How this Works

1. Visit www.aestheticjourneysdesigns.com to view all my designs for celebrating everything, with and without photos.
2. As a photo client, you'll be able to order prints and designs with your photos straight from your gallery. I also send links to recommended products once your gallery is ready if I feel they fit with what you need.
3. You'll place your order through your gallery and I start working on your design with the photo(s) of your choice. You'll receive a proof within 1 business day of purchase.
4. Once you are happy with the proof, I print, cut, and create your final products. Turnaround time on products is usually 1 week from time of proof approval.
5. For any products NOT including photos, you'll be able to purchase those directly from my design site at www.aestheticjourneysdesigns.com and you'll receive a 10% off coupon you can use over and over for life.

Keep in mind that designs with your photo(s) are adjusted to match your photo. That means colors, fonts, etc, can all be changed for you.

I can't wait to work with you!
